INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Pennsylvania Dutch Tourist Bureau
T/A Pennsylvania Dutch Convention
and Visitors Bureau #36
Lancaster, Pennsylvania

We have audited the accompanying statements of financial position of the **Pennsylvania Dutch Tourist Bureau** as of December 31, 2007 and 2006, and the related statements of activities and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of the **Pennsylvania Dutch Tourist Bureau's** management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used, and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the **Pennsylvania Dutch Tourist Bureau** as of December 31, 2007 and 2006, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information on pages 13 - 23 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES to FINANCIAL STATEMENTS

NOTE 1 - NATURE of ACTIVITIES and CONCENTRATION of CREDIT RISK

The **Pennsylvania Dutch Tourist Bureau** is a non-stock membership organization. The Tourist Bureau's principal business activities and purposes are educational, philanthropic, civic, and patriotic, including the following: to promote and encourage tourist travel and the holding of conventions in Lancaster County; to encourage the restoration of points of interest and places of historical significance; and to assemble and disseminate information designed to maintain and further develop the strong position of Lancaster County in the tourist, vacation, and convention fields.

Certain financial instruments potentially subject the Tourist Bureau to concentrations of credit risk. These financial instruments consist primarily of temporary cash investments. The Tourist Bureau maintains its temporary cash investments with various financial institutions where the account balances may at times exceed FDIC and SIPC insured limits.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Presentation

All numbers represent United States dollars unless otherwise indicated.

Accrual Basis

The financial statements of the Tourist Bureau have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Basis of Presentation

The Tourist Bureau has adopted SFAS No. 116, Accounting for Contributions Received and Contributions Made. In accordance with SFAS No. 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions.

Under SFAS No. 117, Financial Statements for Not-for-Profit Organizations, the Tourist Bureau is required to report information regarding its financial position and activities according to three classes of net assets (unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets) based upon the existence or absence of donor-imposed restrictions.

The Tourist Bureau had no permanently restricted net assets at December 31, 2007 or 2006.

Cash and Cash Equivalents

Cash balances include amounts on hand, amounts held in the Tourist Bureau's checking accounts, and cash equivalent/investments. The Tourist Bureau considers all highly liquid investments with maturities of three months or less to be cash equivalents.

NOTES to FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts Receivable

Accounts receivable that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are reported at outstanding principal adjusted for allowance for doubtful accounts. Account balances generally are written off when management judges such balances uncollectible, such as an account in bankruptcy. Management continually monitors and reviews accounts receivable balances.

The Tourist Bureau charges interest on past due accounts that are over 90 days old. The Tourist Bureau recognizes interest when it is billed. Interest receivable included in accounts receivable for the years ended December 31, 2007 and 2006 was \$732 and \$-0-, respectively. Accounts receivable past due 90 days or more and still accruing interest amounted to \$18,809 at December 31, 2007.

For accounts receivable, the allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts and the aging of the accounts receivable. If there is a deterioration of a major customer's credit worthiness or actual defaults are higher than the historical experience, management's estimates of the recoverability of amounts due the Tourist Bureau could be adversely affected.

Property and Equipment

Property and equipment are stated at cost or at fair market value at the date of donation. Depreciation is calculated on an annual straight-line basis over the estimated useful lives. The cost of routine repairs and maintenance are expensed as incurred. The Tourist Bureau does not imply time restrictions on gifts of long-lived assets. Capital assets are defined by the Bureau as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year.

In 1990, the Tourist Bureau entered into a lease with the Pennsylvania Department of Transportation for the land its building is located on. The lease requires a nominal \$1 per year payment for the 50 year term lease.

Revenue Recognition

Grants - The Tourist Bureau is the recipient of a matching funds grant from the Department of Community and Economic Development (DCED) of the Commonwealth of Pennsylvania. Under this grant program, Commonwealth funds are provided to assist tourist promotion agency activities in marketing, advertising, public relations, promotion, printing, and postage. Generally, grant funding is provided on a reimbursement basis and covers 66.667% of qualified expenditures. Grant revenue is recognized as the qualifying expenses are incurred.

DCED grant revenues include a \$50,000 grant for the theater renovations project. The expenses related to this project have been capitalized.

Membership Dues - Membership dues generally cover the period from July 1st to June 30th. Membership dues are recognized ratably over the year. Dues received or billed in advance of the fiscal year to which they pertain are treated as deferred revenue.

Revenue Recognition (Continued)

Retail Sales - The Tourist Bureau sells souvenirs at the visitor center. This revenue is recognized at the time of sale.

Display Rentals - Members can display information about their businesses in the visitors center. The rental income from these displays is recognized ratably over the rental period. Rental income received or billed in advance of the fiscal year to which it pertains is treated as deferred revenue.

Hotel Room Tax and Excise Tax - The Tourist Bureau is the recipient of a portion of the Hotel Room Tax and Hotel Room Excise Tax collected by Lancaster County. All hotels, motels, and bed and breakfasts are subject to a 1.1% excise tax. Hotels, motels, and bed and breakfasts that have greater than 10 rooms are also subject to a 3.9% room tax. The Tourist Bureau receives 100% of the excise taxes collected and 20% of the room taxes collected. This revenue is recognized at the time the lodging establishment collects the tax from the guests.

Functional Expense Classification

Certain costs have been allocated among the programs and supporting services benefited. Supporting services consist of administrative expenses. Administrative expenses totaled \$450,350 and \$482,937 for the years ending December 31, 2007 and 2006, respectively.

Contributions

Contributions consist of waived/forgiven bond principal, interest, and scholarship monies. Waived/forgiven bond principal and interest are recorded when the Tourist Bureau is informed of the bond holder's intent. Scholarship contributions are recorded as they are received.

Scholarship contributions are considered temporarily restricted as they are for the purpose of awarding scholarships to students pursuing a career in the hospitality/tourism industry. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Restricted donations whose restrictions are met in the same reporting period are accounted for as temporarily restricted revenue and as net assets released from restrictions.

Donated Services

A portion of the Tourist Bureau's functions, including member services, committees, and operational activities, are conducted by unpaid officers and volunteers. The value of this contributed time is not reflected in the accompanying financial statements since there is no objective basis for valuation of the volunteers' time.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Principally, estimates relate to depreciation and deferred revenue.

Media Advertising

Advertising and promotion costs are expensed as they are incurred.

Tax-Exempt Status

The **Pennsylvania Dutch Tourist Bureau** is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code. The Tourist Bureau was incorporated in 1972 in the Commonwealth of Pennsylvania under the Nonprofit Corporation Law of 1933 and, as such, is exempt from state income taxes.
